

Trust O Tree

“Where Every Plant Finds a Purpose”

Our Story

Born in Kolkata – the City of Joy, TrustTree began with a simple belief every green leaf holds the power to make life better.

Founded by four passionate individuals from diverse worlds — Agriculture, Real Estate, Banking, E-Commerce & Technology — TrustTree brings together innovation, design, and care to connect people with nature in meaningful ways.

Our Purpose

We started with a question that concerns us all — what is one of the biggest problems humanity faces today? The answer was clear - **pollution**.

At TrustTree, we aim to fight it naturally — by growing greenery indoors and outdoors, creating cleaner, calmer, and healthier environments for everyone.

Our mission is to make green living easy, joyful, and accessible. Every product is handpicked to help people build their own pocket of peace and freshness — one plant at a time.

Our Mission

Our mission is to make green living easy, joyful, and accessible. From air-purifying indoor plants to outdoor garden essentials, every product is handpicked to help people build their own pocket of peace and freshness — one plant at a time.

We're here to inspire mindful living and make sustainability a simple, everyday habit.

Our Community

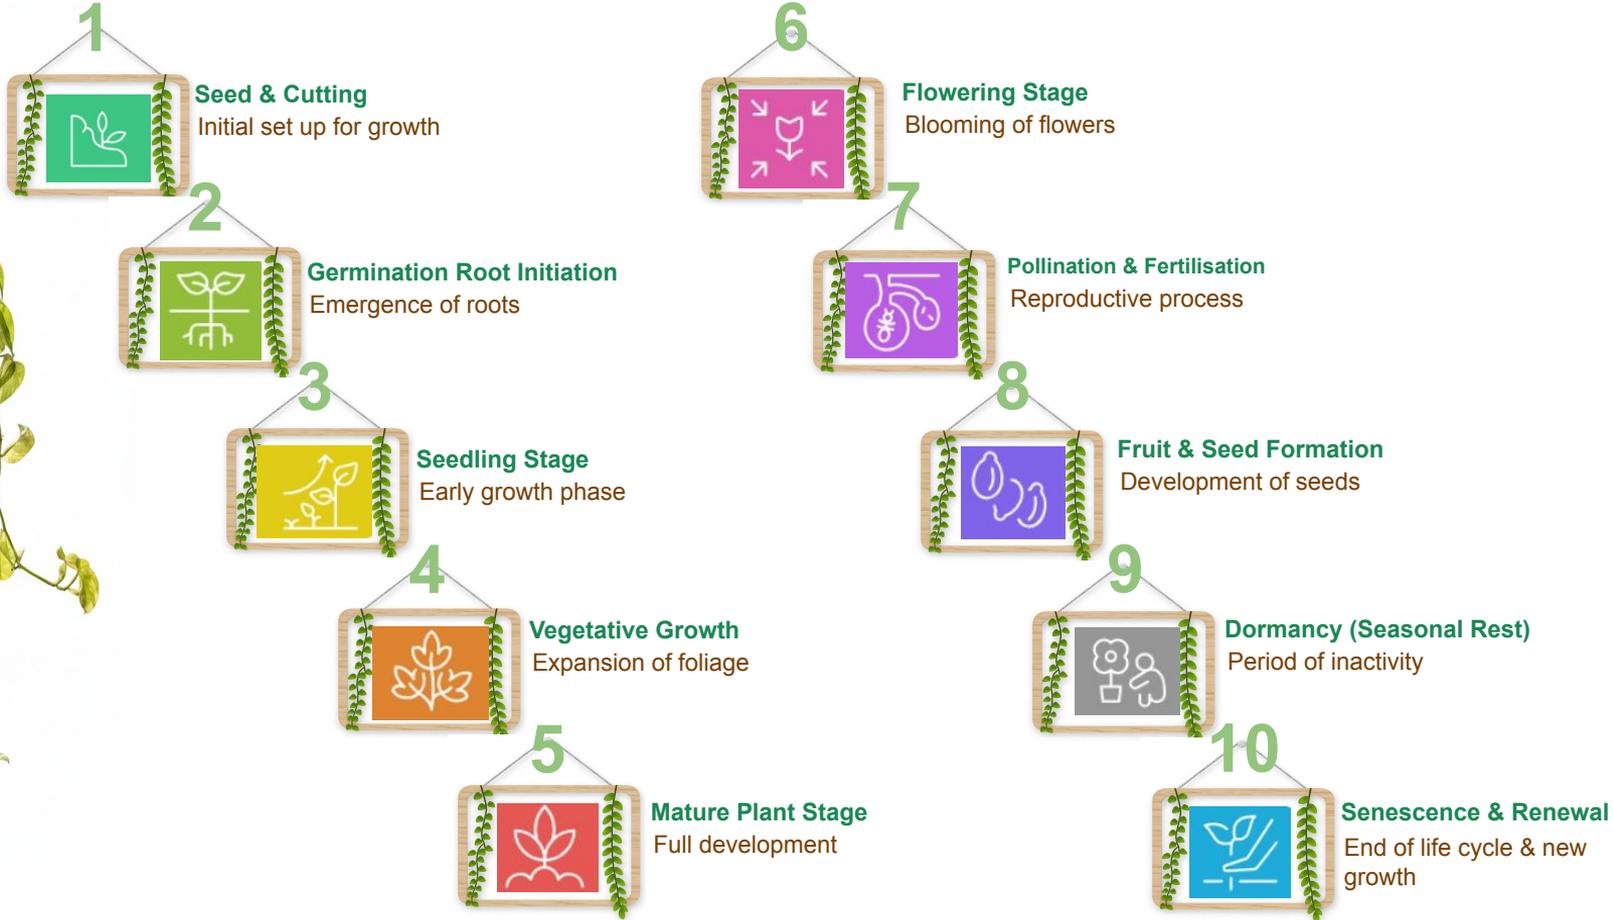

TrustTree isn't just a brand — it's a movement. A growing community of plant lovers, conscious consumers, and everyday people who believe that nurturing nature is nurturing life itself.

Together, we're creating a future where every home grows a little greener, and every act of care makes the world a little better.

We have more !

Pots & Tubs - The Primary Caretaker

Pots and tubs nurture every plant's journey with strength, colour, and stability.

They create beautiful, organised spaces that help indoor and outdoor greens thrive.

Pots & Tubs - The Primary Caretaker

Thoughtfully crafted pots and tubs protect and support plants with lasting design and durability.

They elevate every green corner, creating vibrant, healthy, and visually stunning plant spaces.

Home Decor - One of our Best !

From bare walls (**Get**) to a cozy base (**Set**), this is how we bring life, calm, and color to a space (**GO**). Your sanctuary is waiting—just add **green!** 🌿

Office Decor - One of our Best !

Elevate your workspace well-being with strategic design. We turn dormant areas (**GET**) into structured systems (**SET**) that foster growth and productivity (**GO**).

A vertical garden isn't just decoration—it's an investment in a calmer, more focused work environment. 

Gardening Assistance - How easy it is !

From lush gardens to cozy indoor corners, every plant begins with care. Tools, seeds, and nurturing hands come together to create thriving green spaces

TrustTree extends -

- Combo gardening tool kit
- Plant care via Video Call & Chat
